

ething like that. This chapter was incredi rated and I totally thought I had made a

Darker than Black: Eh 3

Musik... is a she. I had no idea.

nd you, I reviewed what Hei had said in an earlier upter, and it was, definitely, a HE-type pronous He even calls her a gay later on in that chapter. SO -I didn't make a huge boo-boo. Ha ha ha... "sigh" Be prepared for a LOT of exposition...

Here's DARKER THAN BLACK: CHAPTER 5

sistor/Typesetter, ZL

Proofreader: Kriptonima

If thought I would take a moment to weep like a baby define dist some of the elements in DID the Manax They aren't unike the arims, but you might have rengetten. For more details, check Wikipedia For the show, but there are differences between the arms and mana. The information page will be released as soon as possible Probably with the volume ABILITY STATES

TRANSLATION NOTES:

There are three Ability States in Dtfl the manea that we currently know of CONTRACTOR

You gain an ability and have conscious control at a price: the remuneration. You also lose your emotions and morality in order to gain this power.

An intermediate state from which you can either shift into a Contractor or a Doll. Generally, not as a Contractor (apparently this is difficult from this state). This state is generally induced by trauma. Using

your ability will put you in a hypnotic state, allowing you to use your ability, but not control it. DOLL A state where you lose your ability and have no free will. Generally, they are under the direction of a

keeper, usually as a spies. They do not have a remuneration, but neither are they supposed to have personality. ORGANIZATIONS

The Syndicate: Mysterious organization for whom Hei and Mao work for. Currently, we have no other information on them or their purpose.

FBI works within the USA (domestically).

Orquesta Laboratories: A laboratory doing experiments on Contractors and creating Dolls for use as weapons. "Orquesta" is Spanish for "Orchestra." Wiegenlied: A group of Contractors led by Krang, Their purpose is not completely known.

"Wiegenlied" is the German word for "Lullaby," or "Cradle Song," the most famous ones are by Brahms and Schubert. MI-6: (Military Intelligence Dept 6) The real name of the British Secret Service, AKA: SiS (Secret Intelligence Service [http://www.sis.gov.uk]). This is the British version of the CIA. For those of you who don?t know, the CIA works mostly abroad (internationally), whereas the

I'll continue to update this as we lit things that need defining And if You think T am incorrect somewhere, just email me, hushidanaelseamail.com
